## Meeting Minutes 8/27/2020

### Call to Order

A meeting of the Upper Nehalem Watershed Council was held via Zoom video and audio conference on Thursday, August 27<sup>th</sup> and called to order by Jeff Walton at 5:30 pm.

Attendees included: Brenda Lisle, Rick Osborne, Sye Laird, Jeff Walton, Jim Crawford, Corrie Aiuto, Maggie Peyton, and Stephanie Beall of ODF.

Absent: Wade Bullier, Kraig Kirkpatrick Susan Schmidlin and Tom Dee and Susan Spicer Pond.

### Public Comment

Sye asks if anyone knows how to identify the fry (young fish) swimming in Rock Creek?

### Minutes

Board reviews minutes from the last meeting, held on June 25<sup>th</sup>. Jim motions to approve June minutes. Brenda seconds, all ayes, motion carries.

### Reports

#### 1. Maggie Director Report: (See handout)

- a. Operations: accounts for 23% of Maggie's time.
  - i. COVID has impacted every major funding source especially OWEB. Susan Spicer Pond and Maggie have been working on the budget to keep things running.
  - ii. Vernonia School District agreed to give UNWC 3 months of free rent and offered their tech support.
  - iii. The Nehalem Native Nursery is functional and will soon be hooked up to natural gas. Maggie is thinking about how to grow veggies in a sustainable way for next year. Sye suggests pre-paid orders, Maggie mentions "selling" table space for folks to come grow veggies. There are also many healthy trees ready to plant.
- b. Basin: accounts for 26% of Maggie's time.

- i. The Nehalem Basin Partnership MOU is underway to implement the Strategic Action Plan and once it's done it will be presented to the partners.
  - ii. Nehalem Coho Habitat Implementation – FIP application is moving forward and is the primary focus right now. Being awarded the FIP is our best chance to secure ample funding for the future. The FIP is not funded yet, due to the state shutdown and loss of video poker revenue, so the future is uncertain.
  - iii. The LNWC tech team invites UNWC to join their monthly meetings. There is much goodwill between the two councils, which is a positive in all the negatives this year.
- c. Projects: accounts for 25% of Maggie's time.
- i. Tweedle is somewhat stalled, trying to get cost-share. Archeological survey is done and the engineering for the project is done.
  - ii. Riparian restoration has some DEQ funds that can pay for the volunteer tree planting events. Maggie is re-evaluating riparian work because we need to plant a million trees, no just thousands, if we ever hope to cool the Nehalem.
  - iii. Galassi project is slowly moving on, still need to sign contract with the contractor.
  - iv. BDA pilot augmentation, to install 8 more BDA structures are scheduled for the 3<sup>rd</sup> week of September.
- d. Grants: accounts for 22% of Maggie's time (see handout).
- i. All grants are submitted that can be at this time, but funding is uncertain. Two projects are in-progress, the Nehalem Native Nursery from BLM and the BDA monitoring.
- e. Reports: accounts for 7% of Maggie's time (see handout).
- f. Outreach: accounts for 1% of Maggie's time (because that's what Corrie is for).

## 2. Treasurer Report:

- a. The financial report is looking grim as we face a 35-40% budget shortfall. OWEB's Council Support grant does not fully fund base operations and many grants are closing at the same time without future opportunities at this time. Maggie and Susan Spicer Pond have been looking over the budget closely.
- b. The UNWC does have a General Fund, but that is needed to fund projects with grants that offer reimbursements rather than advance payments.
- c. To deal with the budget shortfalls, Maggie is considering cutting her hours and going on unemployment. This would keep the UNWC functioning until more funding is available. Sye has recently had experience dealing with unemployment and offers to discuss with Maggie and Susan.

## 3. Education and Outreach:

- a. Corrie reports on the Social Media Policy progress. More discussion with the Board is needed and after some discussion she will come back to the next meeting with:
  - i. Examples of Facebook posts that have been problematic.
  - ii. Examples of non-profit social media policies or a draft policy for review.
- b. Two volunteer tree planting events will be held in October, on the 17<sup>th</sup> and 24<sup>th</sup> at Vernonia Lake.
  - i. Jeff reports on selling trees and that it might be difficult to do so without competing with the Columbia County Small Woodland Association's annual tree sale.
  - ii. Jeff also discusses a tree-planting program for landowners. They would have access to free trees and educational resources about how/where/when to plant them. He will work on this and report back.

### **Unfinished Business**

1. Fishhawk Lake Update: no new updates.
2. Secretary/Scribe position: no new updates.
3. Employee Hours Allocation: Maggie has presented her hours allocation in her Director's Report, and Corrie reports her hours (see handout).

### **New Business**

The Board discusses attending the 2020 Salmon Festival. After some discussion it is decided not to participate this year. Claudia cannot be rented after the end of September due to a change in the insurance policy and the UNWC had planned to attempt getting insurance just for the event. But now funding is an issue for both Claudia and paying Maggie or Corrie to prepare for and attend the event. There are also health concerns due to COVID. The current scavenger hunt would need to be re-thought to ensure it is safe and Board members who have volunteered in the past cannot be out in crowded events for medical reasons.

### **For the Good of the Order**

The next board meeting is on Thursday, September 24<sup>th</sup>, from 5:30 – 7:30 pm via Zoom video meeting.

### **Adjournment**

1. Meeting adjourned at 8:00 pm. Fare thee well!
